

MONSANTO WILDLIFE TECHNOLOGY STEWARDSHIP AGREEMENT

(Limited Use License)

PLEASE MAIL THE SIGNED WILDLIFE TECHNOLOGY STEWARDSHIP AGREEMENT TO:

Grower Licensing, Monsanto, 622 Emerson Road, Suite 150, St. Louis, MO 63141

GROWER INFORMATION (please print)

Please complete this section with your information. To sign this Wildlife Technology Stewardship Agreement ("Agreement") you must be the **operator/grower** for all the land on which plants from Seed (as defined below) will be grown. You represent that you have full authority to and do hereby bind to this Agreement yourself, all entities for which you obtain Seed, all individuals and

entities having an ownership interest in any entities for which you obtain Seed, and that Monsanto Company, a subsidiary of Bayer AG, ("Monsanto") has not barred any of those individuals or entities from obtaining this limited-use license. Your name must be filled in and must match the signature below.

This Agreement is entered into between you (Grower) and Monsanto, governs the use of Seed received from a wildlife organization and consists of the terms on this page and subsequent attached pages. This Agreement becomes effective if and when Monsanto issues the Grower a license number from Monsanto's headquarters in St. Louis, Missouri.

This Agreement grants Grower a limited license to use Genuity® Roundup Ready 2 Yield® soybeans, Roundup Ready® Corn 2 corn, Monsanto patented germplasm, Monsanto Plant Variety Protection rights and any future seed technologies developed, licensed or owned by Monsanto (Monsanto Technologies) that are made available to Grower solely to provide food and cover for wildlife. Seed containing Monsanto Technologies are referred to herein as "Seed". This Agreement also contains Grower's stewardship responsibilities and requirements associated with the use of Seed and Monsanto Technologies.

This Agreement and the parties' relationship shall be governed by the laws of the State of Missouri and the United States (without regard to the choice of law rules).

1. GROWER AGREES:

- To plant Seed solely to provide food and cover for wildlife.
- Not to sell or transfer any Seed to any other person or entity.
- To accept and continue the obligations of this Agreement on any new land purchased or leased by Grower that has Seed planted on it by a previous owner or possessor of the land; and to notify in writing purchasers or lessees of land owned by Grower that has Seed planted on it that the Monsanto Technology is subject to this Agreement and they must have or obtain their own Wildlife Technology Stewardship Agreement.
- Not to save or clean any crop produced from Seed for planting and not to supply Seed produced from Seed to any other person or entity.
- To allow Monsanto to examine and copy any records and receipts that could be relevant to Grower's performance of this Agreement.
- Upon written request, to allow Monsanto to inspect and take samples from Grower's fields to confirm compliance with this Agreement.
